NORDIC CRESTLINER 1985

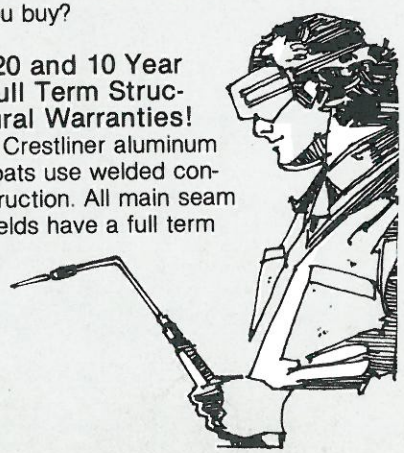
Quality, backed by the best warranty in the business.

Simple words and cute phrases don't back our boats . . . the best warranties in the business do.

Before you buy a boat, check the warranty beyond the words. All boat companies claim to be serious about quality, and just about everyone claims to be "number one". The true test of quality, however, is not claims made by cute words and phrases, but how well you build and back your product. We feel at Nordic Crestliner that if you really are serious about quality and truly believe your product is structurally number one, then you should back it with the best warranty in the business.

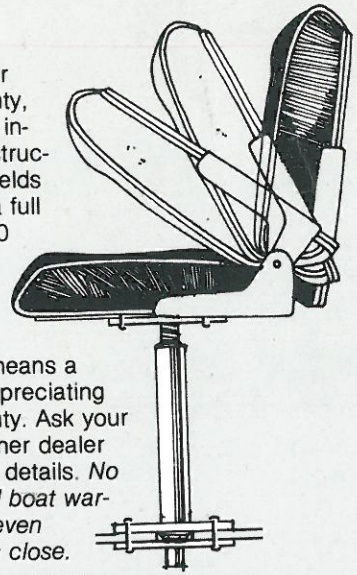
10/20 YEAR
STRUCTURAL WARRANTY

We encourage you to find out – are words or warranties backing the boat you buy?



•20 and 10 Year Full Term Structural Warranties!

Crestliner aluminum boats use welded construction. All main seam welds have a full term 20 Year Warranty, and all interior structural welds carry a full term 10 Year Warranty. Full term means a non-depreciating warranty. Ask your Crestliner dealer for full details. *No riveted boat warranty even comes close.*



•2 Year Full Term Paint Warranty!

Crestliner aluminum boats are painted with an expensive acrylic enamel paint that is baked hard for lasting beauty, durability and resale value. We warranty this finish for 2 full years against peeling or blistering. *Some companies don't even warranty their paint finishes.*

100% Hand Lay-Up for Consistency

•3 Year Full Term Fiberglass Warranty!

All fiberglass boats are hand layup to some extent. Very few are 100% hand layup. 100% hand layup assures consistent control of laminate thickness and a higher percentage of glass for increased structural strength. All Crestliner fiberglass boats are 100% hand layup and are backed with a full term 3 year warranty. Compare our warranty and you will agree, 100% hand layup means built-in quality.

•Quality by Design – Attention to Detail!

Crestliner's own "safety hinge*" is designed so that no dangerous pinch points are created when the seat back is positioned. The positive stop hinge cannot get out of alignment and has a stainless steel hinge bolt for added safety and strength. Crestliner uses aluminum backup plates on both sides of the wooden seat bottom. Factory installed seats are secured by placing aluminum plates under the 3/4" thick floors. Competition generally mounts directly to the wood and uses only 1/2" thick floors.

Compare, ask questions and see for yourself. When you buy Crestliner, you buy built-in quality that is backed by the best warranties in the business.

ALUMINUM

NEW

Norseman 24 Day Cruiser

The all new 24 foot Norseman is the queen of the Crestliner aluminum fleet. The Norseman features a spacious cabin area with sink, stove, ice box, head compartment, sleeping area, and plenty of windows and ventilation.

The Norseman offers big boat accommodations and comfort with the beauty and lightweight durability of Crestliner's welded aluminum construction. It's ideal for cruising, camping, or fishing and is easy to trailer.

SPECIFICATIONS:
Length – 23'7" (7.2m)
Max. Beam – 8' (244cm)
Weight – O/B 2230# (1009kg)
Weight – I/B 3100# (1403kg)
Wt. Cap. – O/B 2500# (1134kg)
Wt. Cap. – I/B 2300# (1043kg)
Fuel Cap. – 52 gals. (196L)
Bottom Gauge – .100

Nordic 18

The Nordic 18 series is the backbone of the Crestliner aluminum line. Deep, wide, and stable, the Nordic 18 is a proven high-performance boat in both smooth and rough water. Available in open or closed bow, outboard or I/O, the Nordic 18 can be outfitted to suit almost any boating need. Other features available include short windshield side wings, FISH/SKI bow conversion* (see page 6), deluxe swivel seats, and underfloor fuel tanks for top performance.

The Nordic 18 is an excellent all-around boat for cruising and fishing. And its quick-planing ability makes it an excellent ski boat.

SPECIFICATIONS:
Length – 18' (5.5m)
Max. Beam – 82" (208cm)
Weight – O/B 1225# (556kg)

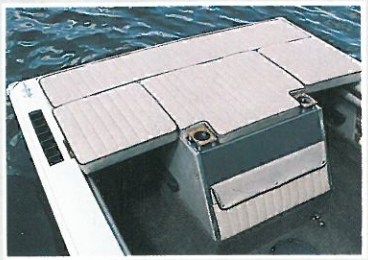
ALUMINUM

NEW

V 170/175 Phantom

It takes a sharp eye to discover the Phantom really is an **aluminum** runabout. The "Deep V" running surface, curved windshield, built-in stern seats, and sleek, low-profile design, coupled with Crestliner's baked acrylic paint and nearly rivet-free welded construction make the Phantom a truly unique boat. An excellent high-performance ski package, runabout, or FISH/SKI all-purpose boat with the bow conversion option (see page 6).

SPECIFICATIONS:
Length – 17'3" (5.3m)
Max. Beam – 77" (196cm)
Weight – O/B 1050# (475kg)
Weight – I/B 2010# (910kg)
Wt. Cap. – O/B 1525# (690kg)
Wt. Cap. – I/B 1350# (611kg)
Fuel Cap. – 22 gals. (83L)
Bottom Gauge – .100
Max. I/O H.P. – 170
Max. O/B H.P. – 120



Northstar 16

A redesigned side coaming treatment, a new smaller splash pan, and higher hull sides add up to a more functional 16' runabout with more cockpit depth and length. The Northstar 16 is available with the popular FISH/SKI bow conversion*, short windshield side wings, and an optional 18-gallon underfloor gas tank.

SPECIFICATIONS:
Length – 16'2" (4.9m)
Max. Beam – 76" (193cm)
Weight – 800# (363kg)
Max. Wt. Cap. – 1375# (624kg)
Max. H.P. – 90
Fuel Cap. – Opt. 18 gals. (68L)
Bottom Gauge – .080

Crusader 2105 Walk Around Cuddy

The Crusader 2105 Walk Around Cuddy is designed for the big-water fisherman, particularly the salmon enthusiast. Main features include a full fiberglass cockpit liner with tanks and side storage, a comfortable cuddy with v-berth cushions, optional head, and full command instrumentation. Many more standard and optional features are provided to make this an excellent fishing machine. Like all Nordic Crestliner fiberglass boats, only **100% hand layup** construction is used. The hull and deck are covered by a **3-year structural warranty — the best in the industry.**

SPECIFICATIONS:
Length – 22'4" (6.8m)
Max. Beam – 8' (244cm)
Weight – 3200# (1451kg)
Wt. Cap. – 1525# (692kg)
Fuel Cap. – 56 gals. (212L)
Max. I/O H.P. – 260

Crusader 2105 Runabout

The Crusader 2105 Runabout offers all the performance and style of a "Deep V" runabout with the added comfort of a roomy cuddy with v-berth and optional marine head capability. The stern configuration is available in either the stylish, single-piece molded fiberglass engine cover/stern seat combination (as pictured), or in a conventional engine cover with removable side-stern seats that can be raised to convert into an aft sunlounge.

SPECIFICATIONS:
Length – 20'6" (6.2m)
Max. Beam – 8' (244cm)
Weight – 3350# (1519kg)
Wt. Cap. – 1525# (692kg)
Fuel Cap. – 56 gals. (212L)
Max. I/O H.P. – 260

Crusader 205 Cuddy

The Crusader 205 Cuddy offers big-boat cruiser ride and features Crestliner's popular 20' deep "V" Crusader hull. Luxury, style and performance are all part of the Crusader 205 Cuddy package. Main features include the v-berth cuddy (with optional marine head), command instrumentation, aft lounge with removable stern seats, sliding smoked deck hatch, and optional camper top.

SPECIFICATIONS:
Length – 20'2" (6.1m)
Max. Beam – 7'7" (231cm)
Weight – 2975# (1350kg)
Wt. Cap. – 1525# (692kg)

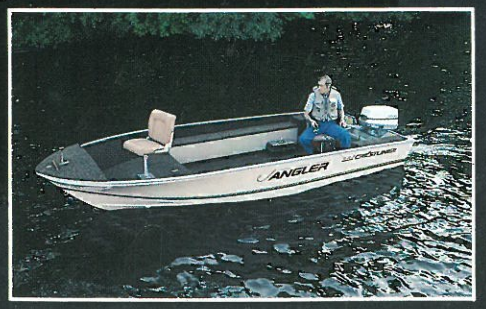
Crusader 160 Angler

Crusader 180 Angler



Muskie 550 Apollo 660 Crusader 770

Family-sized fiberglass runabouts for varied boating needs. The Muskie 550 features a stable tri-hull design with open bow.

The Apollo 660's open bow and deep semi-"V" hull make it an excellent ski boat.

The Crusader 770 closed bow is on the fast track with its deep "V" hull and sleek design.
